OWNERS, BEWARE!

A fine of not less than \$50 nor more than \$500 may be imposed upon the owner of a hedge fence along or near the right way of a public road if he fails to cut same down to a height of not more than 5 feet between the first days of May and August of each year. This is a provision of one of the new road laws enacted by the last legislature, and may have been overlooked by local authorities. Less than ten days remain in which to have this work done, and the law further provides that any prosecuting attorney who shall fail or refuse to institute a suit to compel the owner of a hedge fence to cut the same down to the height required by law shall be removed from office by the governor, or some other person shall be appointed to fill the vacancy thus created. These provisions are found in section 63, page 461, Session Laws 1917.

THIRD PAYMENT DUE.

The third payment of twenty percentum on Liberty Loan Bonds purchased by installments is due on July 30th. The payment must be made on or before that date according to the official statement of terms and conditions of the sale of Liberty Loan Bonds made by Secretary McAdoo at the time subscriptions were invited.

Whether the bonds were purchased from the Treasury or the Federal Reserve Bank, or through other banks or agencies it is important that these and succeeding installments be paid promptly.

The action of many employers of labor in arranging to pay their employees on July 30th instead of August 1st in order to enable them to promptly make their payments on Liberty Loan Bonds is an excellent and praiseworthy example which no doubt will be followed by a large number of employers.

MUST CUT WEEDS.

All road overseers and county highway engineers in Missouri are required by the new road law to have cut and removed during the month of August each year all brush and weeds found growing along the roadside. Whenever square corners or sharp turns obstruct the view and endanger life and limb of persons traveling on the public road, it shall be the duty of county highway engineers and road overseers to have the same rounded and all obstructions removed. If the owner of land refuses permission to round a corner, highway engineers and road overseers are authorized to have such land condemned.

Business (?) Senate.

The Germans persist in the war because of the junkers. The junkers are mostly the prosperous hog and grain raisers and land owners of East Prussia. They are the most reactionary people in the empire.

On Saturday a small group in the United States Senate, in fear of the American wheat growers and in order to incur their favor, insisted on fixing a minimum price of \$2 per bushel for wheat.

Even at the present prices of everything else, the American farmer can make a good profit now with wheat at \$1.25.

The amount of \$2 for wheat was favored by Gore and a group of other middle west senators.

The real friends of the bill were so nearly worn out by the fight that has been made against it all along that they permitted this section to be incorporated.

The only sensible thing to do is to give the president of the United States the power to fix the prices of such articles, as he may from time to time see fit.

He can use this power at his own discretion.

If \$2 is to be the normal price for wheat, corn should be \$1.50 a bushel and cotton 25 cents a pound.

If \$2 is to be the price of a bushel of wheat, all the producers of other commodities will gauge their prices accordingly, and the result will be that the American consumer will pay the starvation price for his food. His salary is doubled or tripled and his earning power is doubled.

Every southern senator and every eastern senator and members of the House of Representatives ought to fight this lawless and unbusinesslike effort. Rather than for the food control bill to start with this standard, let's have none.

The entire bill might be abandoned and a simple act, giving the president authority to fix prices on any commodity he sees fit, passed. This can be done, we are sure.

Many members of the Congress of the United States seem to have utterly lost all sense of proportion and all commonsense. The body seems to be sterile when it considers any constructive legislation. — Commercial Appeal

Do you get up at night? Sano is surely the best for all kidney and bladder troubles. Sano gives relief in a few hours from all backache, head aches, neuralgia, sciatica, etc. Sano is sold everywhere. Get a bottle and see for yourself.

ST. LOUIS CITY, July 20.—Miss O. J. of Pemont County has been appointed Secretary of State John L. S. to take charge of the automobile registration.

At the next year the Secretary of State will establish two branch registration offices of the automobile department, one in St. Louis and the other in Kansas City.

When you have backache the liver or kidneys are sure to be out of gear. Try Sano! It does wonders for the liver, kidneys and bladder. A trial 35c bottle of Sano will convince you. Get it at the drug store.

Cooter News.

TEMPEST AND SUNSHINE.

FIRE INSURANCE

THAT'S GOOD

L. C. AVERILL

Bumper Crops

ARE almost assured in this county as well as over the entire country. But of what does a big crop avail us unless we take due advantage of it? Waste is a sin, and it is simply a sin to spend your money and not get value received.

WE GUARANTEE QUALITY

—reigns supreme here. If you buy quality there is no waste. And to get quality in every purchase we know of no better place than at this store. Then with bumper crops come lots of money; but spend it where you get guaranteed quality.
